COMPANY PROFILE

Sante Global Industries LLP has 32 years of rich experience in manufacturing and it was founded in 2021 with the aim of producing paper flutes, cupstock fans, stiffener paper, ripple fans, film and foil laminates for food and Industrial packaging.

Our principal company DivinaECO Pack by Shara Industries established in 2017, has a great experience in supplying paper and paper boards to over 25 countries with large delivery capacity.

We are manufacturers of standard and customized stiffener paper, corrugated / ripple paper flute reel, fans, extrusion coated papers and specialized laminates like PE, PP, PET, lacquer onto paper, film, aluminum foil providing efficient multi-layer barriers against moisture, oxygen, grease, odor and gas diffusion used in product areas such as food packaging as well as the pharmaceutical industry and other industrial applications. Sante Global produces a wide range of standard and custom flexible packaging materials with excellent barrier, functionality, sealability, durability and printability for the end user.

Welcome to Sante Global Industries LLP

MANUFACTURER OF PACKAGING AND CONSUMABLES

Specializing in paper-based packaging, aluminum foil, and flexible films, we deliver high-quality, sustainable solutions for diverse industries.

EXTENDED RANGE OF PRODUCTS AND INDUSTRIES

Offering a wide range of products for the food, pharmaceutical, medical, and automobile industries, ensuring innovative and reliable packaging solutions.

GLOBAL PRESENCE

With a strong footprint in the USA, UK, Greece, and the Middle East (UAE), we serve businesses worldwide with seamless supply and support.

CERTIFICATIONS

We are backed by industry-leading certifications, ensuring the highest standards in quality, safety, and sustainability.

The Numbers Say It All

PRODUCTION CAPABILITIES

With a robust 6,000 MT annual production capacity, we ensure efficiency and reliability in meeting your packaging needs.

CUSTOMIZATION CAPABILITIES

Our advanced manufacturing setup allows us to produce 10,000+ customization products, offering tailored solutions that align with your brand

INFRASTRUCTURE CAPABILITIES

Operating from a 400,000 sq. ft. industrial land and a 40,000 sq. ft. state-of-the-art facility, we have the space and technology to support large-scale production and innovation.

DELIVERY CAPABILITIES

We deliver worldwide through road, sea, and air, ensuring your orders reach you on time, no matter where you are.

BASIC PRODUCTS

- Corrugated / Ripple - Available in reels and fans.
 - Paper laminates - (PE / PP / Paper combination)
 - Board laminates - (PE / PP / Paper board combination)
 - Foil laminates - (PE / Paper / Aluminium foil combination)
 - Film laminates - Multi-layered (2 / 3 / 4 ply PET / PE)
 - Poly free paper laminates - Barrier-coated, heat-seal, greaseproof
 - Customized materials - Tailored to specific requirements.
-
- ☑ All products are available in reels, sheets, or blanks / fans of various sizes, with or without printing and side gluing.
 - ☑ Food and Pharma-Grade Materials – All polymers, adhesives, and additives used comply with food and pharmaceutical standards
 - ☑ We offer various polymer and film options such as PE, PP, and PET, and can coat the base material (paper, film, aluminum foil) on one or both sides as needed.

FINISHED PRODUCTS

- Paper cup fan / Bottom
- Butter / Margarine wrap / Sandwich / Shawarma / Burger wrap
- Disposable paper cups / Take-away boxes / Disposable tablecloth
- Bags and pouches (Paper and film based)

** All finished products can be made with or without printing.*

OUR MARKETS

- Food and Beverage
- Pharmaceutical / Medical
- Beauty care
- Industrial / Insulation
- Chemical
- Soap Industries

OUR TECHNOLOGIES

- Corrugation fluting from 500 mm up to 915 mm
- Extrusion coating and laminating machines with widths ranging from 600 mm to 1300 mm deckle, and GSM ranging from 20 to 400.
- Slitting from 20 mm up to 1300 mm width.
- Sheeting up to 1300 mm width.
- Flexo printing up to 4 colours.

CORRUGATED PRODUCTS

Corrugated Paper

- Our corrugated paper is available in the following formats
 - 1) Corrugated paper fans
 - 2) Corrugated paper sheets
 - 3) Corrugated paper reels
- We offer GSM from 120 up to 300.
- Brown kraft paper and white kraft paper with or without side gluing and printing

PAPER LAMINATES

Basic Products

- Our LDPE / PP-extruded papers are used for:
 - 1) Portion packaging (sugar sticks, salt, pepper sachets and other sachet packing)
 - 2) Food wrapping paper
 - 3) Pharmaceutical and surgical packaging,
 - 4) Sack bags
- MGBK + C1S (PE) , PAPER + C1S , PAPER + PE + METALLIZED FILM, PAPER + PE + ALU FOIL

BOARD LAMINATES

Basic Products

- Our PE / PP / PET laminated paper boards are designed for strength, durability, and high barrier protection.
 - 1) PE coated Paperboard
 - 2) Paperboard with PET
 - 3) Paperboard with metallized film
 - 4) Paperboard with Alufoil
- FBB / SBS Paper Board + PE , Paper board + PE + METPET
